M O N T A N A

By privately owned Vintage Train cars

June 18 - 25, 2012

Monday, June 18

Travel from Texas to Chicago where we will overnight in a hotel.

Tuesday, June 19

Following a morning tour of Chicago, we board our private train cars and explore the entire train.

Our porters will show us our sleeping compartments and explain how things work. With a champagne reception we depart the metropolis and travel west through Illinois, Wisconsin and into Minnesota. Dinner will be prepared by our private chef before going to bed on the train.

Wednesday, June 20

Breakfast, lunch and dinner will be prepared and served in our private dining car. Enjoy a relaxing day on board the train. You may choose to read a book, visit with other travelers in the observation car, or play cards or other games in the dining car.

The cars are yours to explore and enjoy. Today we travel through

North Dakota and arrive this evening in Whitefish, Montana.

Thursday, June 21

Following breakfast on board the train we will have free time to explore the town of Whitefish. Quaint shops and interesting people make up this small North West village.

This afternoon travel into Glacier National Park the "Crown of the Continent". This million-acre wilderness park is crammed with mountain lakes, living glaciers, beautiful spring flowers and amazing wildlife. Our destination is one of the pristine mountain lakes for a boat ride. Dinner will be in town this evening.

Friday, June 22

Board our touring bus for an all day adventure of spectacular sightseeing. Return to beautiful Glacier National Park for a ride on the "Going to the Sun Road". This drive is acclaimed as one of the outstanding

scenic roadways of the world. It crosses the Continental Divide at an elevation of 6,680 feet and includes views of many spectacular mountain vistas and glaciers.

Exiting the National Park we will visit a Blackfoot Native American Reservation. Learn about the local people and how they lived at the Museum of the Plains Indians. Once more we will cross the Continental Divide as we return to Whitefish and our private cars. Dinner will be in town this evening.

Saturday, June 23

This morning while we are eating breakfast the train will depart Whitefish as we head east, back through Montana and into North Dakota. All meals will be served on board today.

Sunday, June 24

Today we travel through Minnesota, Wisconsin and back into Chicago, arriving late afternoon. Breakfast and lunch will be served on board. We say goodbye to our wonderful train staff and make our way to our hotel. Dinner will be at a local restaurant in Chicago.

Monday, June 25

This morning we make our way to the airport and our return to Texas.
